The report did not uncover any operational history or any additional information that would potentially pursued the recipients of the SNL to participate in RI/FS negotiations. Based on a review of the report by Regional Counsel and the Enforcement Section it was concluded that no further enforcement action would be beneficial.

Lance I proofed the document and made some changes. FYI in the future, Lydia doesn't like the # sign used in SDMS numbers. (I took them out)

Let me know if you want me to put it in e-routing... or if you want to walk it around.

Concurrence list?
